

# Path Forward to Completing the PR-58 RI/FS

# PR-58 FUDS Property Boundaries

Source A – Used by Peabody Clean to separate oil from water

Source B – Used for solvent storage by an oil drilling company

Source C – Used by Navy for Disaster Training Area and DANC practice

Source D – Used by Peabody Clean for temporary drum storage

Source E – Used by Army for nitric acid disposal and Navy for solvent disposal

# Purpose of Investigation

- ◆ How Do We Get to Site Closure?
- ◆ Perform Remedial Investigation
- ◆ Build on Existing Data
  - Navy
  - USACE
  - RIDEM
  - QDC
  - USEPA

# FY06 and FY07 Project Tasks

- ◆ Complete the Pilot Study Report
- ◆ Conduct Residential Well Sampling (9 residences on Fletcher Road used for drinking water)
- ◆ Develop SOW/Contract Action
- ◆ Obtain Rights of Entry (RoE) for Residential, Navy, and QDC
  - If RoE are not signed, evaluate access alternatives (e.g., Public Rights-of-Way)

---

# FY06 and FY07 Project Tasks (continued)

---

- ◆ Conduct Synoptic Well Sampling Round (USACE and Navy)
- ◆ Assess Potential Source Areas
- ◆ Determine Downgradient Plume Areas
